January 4, 2012

Dear ICS Families,

This school year we celebrate not only our ten year anniversary but also our solid achievements. We have an amazing community of individuals including families who together make ICS and exceptional place of learning.

It is with this sincere belief that we are firmly on the road to continued commitment to our Mission, our Beliefs, that I announce that the 2012-2013 school year will be my last with Independence Charter. As the Founding Principal and CEO, I am grateful for the opportunity to have helped establish this amazing school. I look forward to working with you and the Board of Trustees to transition in new leadership who will commit to our Middle States Strategic Goals and to a new decade for Independence Charter.

It has been an honor and a privilege to serve you and all of our ICS families.

With deep respect,

Jurate Krolyys
CEO and Founding Principal
