

ICS KINDERGARTEN LUNCH ORDER FORM

For the Week of _____ for Child _____ Room _____

In order to streamline the kindergarten meal ordering process, we are asking that if your child will be eating lunch at school for any or all days during the next week that you send in the order form for the week every MONDAY MORNING. The monthly menu is on the reverse side of this form. As you know, the lunch will be brought to your child in his/her classroom; your child will always have the option to change his/her meal choice each day. HOWEVER, we encourage you to review the menu carefully with your child, since changing the choice on the day of the meal will give your child less time to eat (since s/he will have to wait for the replacement meal to be brought up to the classroom).

Please note that if you do not know by Monday morning whether or not your child will be ordering school lunch for any day, you can always contact Tr. Neyza by phone (215-238-8000 x2228) or e-mail (neyzac@icscharter.com) by 9a.m. on the day you want your child to eat to let her know what your child wants to order.

If you have any questions, please contact Tr. Neyza. Thank you!

Please put an “X” by the type of meal (if any) you want to order for your child for the date indicated. Leave blank if no meal is being ordered for that date.

Please note: “Chef’s Choice” is when various hot lunch choice options are offered during different lunch periods on that particular day of the month. If you choose “Chef’s Choice” for your child would get whichever hot choice lunch option that is offered at the time of kindergarten lunch (we will not know what it is until the day before).
